

COMMITTEE OF
SAFETY FORMEDVigilantes Will Take a Hand at
Cripple Creek.

SOME THREATS OF LYNCHING

CONFESSION OF ONE OF THE AL-
LEGED CONSPIRATORS.

Denver, Colo., Nov. 24.—A special to the Post from Cripple Creek says that in consequence of the recent attempt to wreck a train, the vigilante mine explosion and threats against non-union miners, a vigilance committee, to be known as the Cripple Creek Safety, is being organized for the purpose of dealing swiftly and severely with violators of law and order.

Adjutant General Sherman M. Bell returned today from Cripple Creek and reported to Governor Peabody that a plot had been formed to blow up four mines besides the Vindicator, in which two men were killed by a dynamite explosion on Saturday.

One Man Confesses.
General Bell said one of the men under arrest had made a confession and he believed the conspirators would be convicted. There are sixteen prisoners in the bull pen, and General Bell said that Sheriff Robertson did not want to receive them at the jail as he could not be responsible for their safe-keeping. They may be removed in a few days to the state penitentiary at Canon City or to Denver.

"President Kennison of the miners' union and several of his companions in the bull pen are perfectly satisfied to remain there until the bitter feeling that prevails against them in the district cools down," said General Bell. "They fear for their lives should they be turned loose on any civil process or even if they should be sent to the county jail."

Plan to Lynch McKinney.

Plans were formed yesterday to lynch Charles McKinney, one of the three men held on charges of attempting to wreck a train, but the military protected him and he was taken to Canon City. Judge Seeds today doubled the bail of the three men, fixing it at \$10,000 for each.

General Bell said he would not introduce the testimony in his possession at the coroner's inquest in the case of the two men killed in the Vindicator mine, but would reserve it for the trial. The general would not disclose any details of the plot, but it is reported that the ownership of the gun, pieces of which were found in the Vindicator mine after the explosion, has been traced.

Governor Peabody regards conditions at Cripple Creek as critical, and today increased the military force there by sending another company of infantry from Florence.

CORONER'S INQUEST.

Conclusive Evidence That a Plot Existed.

Denver, Nov. 24.—A special to the Rocky Mountain News from Cripple Creek says the coroner's inquest in the case of the two men killed by the explosion in the Vindicator mine was begun today. The evidence produced demonstrated conclusively that the explosion was the result of a plot to blow up the mine, but nothing of a definite character developed to point to a stick of dynamite of a different make from that used in the mine. A stick of wire clips, a pattern not used by Vindicator miners, some electrical wire and fragments of a stick of dynamite were produced.

Several witnesses were examined, but no new facts were brought out. At 5:30 o'clock the inquest was adjourned until 10 o'clock Friday afternoon. The reason for this was that the coroner had been called to the state penitentiary. This afternoon Adjutant General Sherman Bell, who is in Denver, stated that a large amount of evidence had been secured for the trial of the men suspected of the explosion. A telegram was received today from the manufacturers of the dynamite found in the Vindicator mine, which stated that the revolver in question, No. 673, was sold to a hardware firm of Telluride, Colo. General Bell added that the evidence of complicity in the explosion recently went to Cripple Creek from Telluride. The general also stated that the mine chimneys ready to be exploded had been found in two other mines, and that there was positive evidence that the plot included five mines in all. He expressed the opinion that the explosion in the Vindicator occurred before the perpetrators intended, as most of the troops were on outdoor duty, but had not started when it occurred.

TROOPS AT TELLURIDE.

Effort Will Be Made to Open the Mines With Non-Union Men.

Telluride, Colo., Nov. 24.—Six companies of infantry and two troops of cavalry of the Colorado national guard, about 500 men, under command of Major Zeph T. Hill, reached Telluride safely this afternoon. The train, in four sections, was run very slowly, great precautions being taken to prevent any disaster. Miners' union men attempted to reopen their mines and mills with non-union men.

The guests were Malcolm Gillis, president of the Stationary Engineers' union; Edward Long, president of the Miners' union; M. R. Dempsey, former president of the Miners' union; F. M. Crockett, president of the United Brotherhood of Carpenters and Joiners; and William Robinson, former secretary of the Miners' union; J. W. Gilbert, president of the Workmen of the World; and Dr. Doyle, president of the Trades and Labor assembly. Invited to meet the labor representatives were Secretary Cortelyou of the department of commerce and labor; Carroll D. Wright, commissioner of labor; Representative Dixon of Montana; and Wayne McVey, former attorney general and one of the counsel of the Pennsylvania Coal operators.

ROOSEVELT ACTED AS PEACEMAKER

Washington, Nov. 24.—A conference was held at the White House tonight between President Roosevelt, Senator Platt, Governor Odell and Chairman Dunn of the New York state Republican committee on the political situation in the Empire state. At its conclusion, Governor Odell said a satisfactory and harmonious agreement had been reached among the party differences in the state. It is understood that Senator Platt will continue as state leader, but that Governor Odell will have charge of the management of the coming campaign.

Minneapolis, Minn., Nov. 24.—Antonio Calabrese, the Italian peddler who was surrendered to the authorities Saturday night, said he had confessed to Chief of Police Conroy that he killed Salvatore Battalio in the Franklin bridge one night last week in self-defense, after Battalio had struck him with a knife. The police say they do not believe him.

SAMUEL H. GILSON'S FLYING MACHINE

ABOVE is a picture of the air ship in which Samuel H. Gilson of this city hopes to journey to the world's fair at St. Louis next year. He intends to compete for the \$100,000 prize offered for the best air ship and expresses himself as being confident that he will succeed although as yet he has never made an ascent.

Since the publication of Mr. Gilson's plans in The Herald some time ago he has been besieged with letters from all over the country from men desirous of obtaining an interest in the invention.

None of the offers has been accepted as Mr. Gilson expects to back the enterprise with local capital. Arrangements are now on foot for the formation of a stock company, which will be controlled by men in this city.

When asked how much would be necessary to build the airship Mr. Gilson replied that he did not know exactly

as much depends upon the cost of the engine. Negotiations have already been opened with a Kansas City firm to build the engine and providing it can be secured at a reasonable figure the cost of the flying machine when complete will not exceed \$10,000 or \$15,000.

Patents have already been applied for and as soon as a return is received from Washington work on the air ship will be commenced in earnest.

ARMY OFFICERS CALLED TO TELL OF WOOD'S CAREER WHILE IN CUBA

Washington, Nov. 24.—A sub-committee of the senate military affairs committee, consisting of Senators Proctor, Quarles and Pettus, are today continuing the investigation of charges against General Wood to prevent his confirmation as major general. Major Estes G. Rathbone resumed his testimony in explanation of his personal charges. He also asked the committee to subpoena Major E. J. Ladd, U. S. A., and interrogate him concerning the condition of General Wood's Santiago accounts in 1898, when he was acting as auditor in Cuba.

Major James L. Runce arrived in Washington today from Havana and will appear before the committee Friday. He visited the capitol and talked with several members of the committee.

Brigadier General Tanker H. Bliss of the general staff was heard by the sub-committee for an hour and will again be called. He will be asked for certain information he is said to possess concerning the charge made by Major Rathbone that General Wood accompanied the U. S. Bellairs from Havana to New York in 1900, with the result that Bellairs was an ex-convict. General Bliss was chief collector of customs

for Cuba with headquarters at Havana during that time and he will be asked also in regard to charges that presents for General and Mrs. Wood were admitted to Cuba without payment of duties.

Testimony Excluded.

It was stated at the close of the last session that probably more than two weeks would be occupied in hearing the witnesses the committee has already determined to summon. Then it is generally believed, a committee is named to Cuba, an adjournment probably will be taken until some time in January, which is considered the best time to visit the island. Opponents of the confirmation of General Wood openly expressed their opinion that the military affairs committee should report the nomination favorably, but that the senate should when the course is taken some charges will be presented to the senate which the committee has excluded from the testimony. Pro-

ponents of the confirmation of General Wood are said to be of the opinion that a demand will be made for the appointment of a sub-committee to go to Cuba to inquire personally into several of the charges. Major Rathbone today revealed the ground of failure to prove the charges. He said that the committee is at the same time, for the purpose of pointing out sources of information which were obtained in a number of his charges.

RICHFIELD NEWS NOTES.

Two Young Men Up For Housebreaking Receive Nominal Fine.

Richfield, Nov. 24.—Two young men of this city, Lester Buchanan, aged 18, and Frank Johnson, aged 22, were arrested for house-breaking last Thursday. They were taken to the county jail and are now in the Co-op. store by breaking an iron bar off one of the cellar windows.

A fire broke out in the store, and notified some of the proprietors of the establishment. A number of citizens surrounded the building while others were breaking windows to get out the men. The house-breakers had over a hundred dollars in cash and a lot of goods in the store. The fire was extinguished by the fire department.

Johnson and Buchanan explained their conduct by saying that they were securing supplies to take with them out on the railroad, as they intended to start the next day.

There was a change in the hotel business in this city Sunday. William Johnston turned over his establishment to Mr. H. D. Gentry, who has been running the New Arlington since its opening in the fall of 1902. Mr. Johnston is now in charge of the Arlington.
